Who Uphold American
Youth To House.

WASHINGTON, March 13.—A double-battled defense of American business men and American youth against charges of flagrant violation of the prohibition law was placed before the house judiciary committee today by spokesmen for the nation's leading dry organizations.

Carlton M. Sherwood of New York, secretary of the Citizens' committee of one thousand, read a dozen telegrams from business men denouncing the statement of Grayson M. P. Murphy, New York "big business" man, that he did not know a single big industrial leader who did not flout the dry law.

Alonzo A. Stagg, football coach of Chicago university, defended the country's youth and particularly denounced stories of widespread drinking among young people.

WETS PROTEST

Wet members of the committee registered a protest when women witnesses who had promised to appear for cross-examination today failed to answer to their names.

Mrs. Henry W. Peabody of Beverly, Mass., who captained the women, sent a letter saying she would appear later in the day. No word was received from Miss Grace Von Braem Roberts, Mrs. Richard Aldrich and Mrs. John O. Blanchard, all of New York and Mrs. Maynard Thayer of California.

"This proves that my contention was right that each witness should be cross-examined immediately after testimony is given," said Representative Celler (D) of New York, a wet. "I have important questions to ask concerning their testimony."

Celler protested yesterday when the committee voted to permit the women to testify without cross-examination but subject to questioning later.

Sherwood charged that "slander and malicious 'libel' have become a part of the 'stock in trade' of the wets."

"It has been alleged here by Mr. Grayson M. P. Murphy of New York, in particular that all the business men of his acquaintance violate the 18th amendment and his decided inference was that business men generally throughout the country disobeyed the law," said Sherwood.

"Of course this is far from the truth. But what is the effect of such statements on growing boys (Continued on Page 8).

IRREGULARITY IN NEW CODE

No Provision Made For Absent
Voters In Election Law,
It Is Disclosed.

COLUMBUS, O., March 13.—Another irregularity in Ohio's new election code, which was formulated by the members of the 1929 legislature, was unearthed here today.

It was discovered that no provision is made in the new code for registration of voters by mail as there had been in the old laws. Officials pointed out that this means that Ohioans, who are out of the state at the time of a primary or election, will not be able to cast their ballots unless they return to their home precinct.

Under the new code, Ohio workers in the Civil Service department at Washington and Ohio's senators and representatives, would be unable to vote by mail.

Following close upon the discovery of an alleged unconstitutional "sleeper" in the election code, the incident caused much discussion in political circles here.

An attaché in the department of the secretary of state, which is in charge of primaries and elections, declared that Secretary of State Clarence J. Brown was consulting Attorney General Gilbert Bettman for a way to correct what the attaché said was "plainly an omission."

FOURTH DAY OF TRIAL OF IRENE IS ON

Mysterious Rumors of Surprise
Prosecution Witnesses
Heard In Court.

COURTROOM, NEW CASTLE, Pa., Mar. 13.—With mysterious rumors of "surprise" prosecution witnesses floating about, the fourth day of Irene Schroeder's fight to escape the electric chair for the murder of Corporal Brady Paul of the state highway patrol started at 9:15 a.m., today.

William Flessing, St. Louis patrolman, arrived here unannounced last night and was on hand in the courtroom when the blonde and Buxom Irene entered shortly after Judge R. Lawrence Hildebrand called court to order.

Kiesling was the subject of intensive conferences between Attorney Kedgin Powell and Thomas E. Dickey at defense counsel table.

HEAR PATROLMAN

The stalwart patrolman will assume the witness stand for the purpose of charging Irene and her alleged lover, Glenn Dague, with firing several shots at him in St. Louis on their wild automobile flight to the west, according to apparently well-authenticated reports.

Kiesling's testimony probably will be used in the state's effort to identify Irene and Dague as the holdup duo who fled to Arizona following the killing of Corporal Paul Kiesling was reported to have brought with him a bullet-riddled uniform to substantiate his story. The patrolman was injured in the St. Louis shooting, however.

Shortly after court convened, Judge Hildebrand granted a motion by Prosecutor Charles J. Margiotti that Dague be brought in to court. Spectators leaned forward in their seats as Dague entered under escort of two court bailiffs. The suave and dapper Dague, his cheeks sallow and with the prison pallor in full evidence strode indifferently into court. He smiled reassuringly at Irene and sat down.

SENATE GETS FARM MONEY

One Hundred Million Appropriated While Criticism Is
Being Hurlled.

WASHINGTON, March 13.—An extra appropriation of \$100,000,000 for the federal farm board, to be used in stabilizing the wheat and cotton markets, was approved by the senate Wednesday but only after an hour's debate in which the administration was severely criticized for delaying farm relief.

Some of the high lights of debate were an announcement that the federal farm board has purchased 7,000,000 bushels of wheat to date and planned to buy 100,000,000 bushels if necessary; that the board is buying in the "open market" and that it has "speculated" in futures, just as have the so-called "grain gamblers."

Charges were made by farm bloc leaders that the board's policy is "trivial" and that from \$1,000,000,000 to \$1,500,000,000 is necessary to actually stabilize farm prices.

SMITH TO DISCUSS LIVESTOCK MARKET

R. Q. Smith, Secretary-Treasurer of the Ohio Live Stock Co-operative Association, will make his second appearance over the radio to discuss the marketing of one of the state's most important farm commodities since his appointment to this post last fall when he speaks over WFAO, Columbus, on Tuesday afternoon, March 18.

He will speak at 1 O'clock and discuss the "Developments of Co-operative Live Stock Marketing in Ohio," telling how 60,000 Ohio farmers have built a co-operative live stock marketing organization that handled \$22,000,000 worth of live stock in 1929.

CHURCH SUPPER

Hospital Given New Donations

The Berger Memorial hospital at the home of Mrs. Fanny Rice on S Court-st.

The Ebenezer Social Circle is composed of residents who formerly lived in Pickaway-twp. but who for the most part are living now in Circleville. Their generous gift represents the good will and approval of the hospital of residents outside the city as well as residents in the city. The hospital is a county institution, and aid in its completion and furnishings will be of as much value to the rural people as local residents. It is thought that gifts will be made perhaps, in the future, by additional rural organizations.

For the completion of the hospital, furniture for three patients' bed rooms, six nurses' rooms, a reception room and the consultation room, are still needed, and may be furnished in memory of some one person, a group of persons, or by organizations.

Another splendid gift to the hospital, which was also made known Wednesday, was that of the furniture for the nurses' dining room. This is to be donated by the Ebenezer Social Circle. The decision was made Wednesday afternoon, when the society met

MODEL LEAGUE GIVEN BOOST

Local Store To Handle Equipment
For the Construction
of Model Planes.

In an effort to stimulate interest in the construction of airplane models, arrangements were made here Wednesday by F. A. Colegrove, district organizer of the American Air Cadets, through which Circleville boys, who naturally are air-minded, will be able to obtain the necessary equipment with which to build model planes.

The American Airplane model league already has a chapter here which is being handled through the local chapter of the National Aeronautical association. The number of youths who can be handled by the N. A. A. is very limited and at this time there are many boys in this city and the county who want to make the models but who cannot be helped by being unable to obtain the necessary equipment.

Mr. Colegrove has arranged with Joseph's store to handle the equipment for making the models, such as the wood and metal bands and other articles which are needed for the construction of the planes. Heretofore it has been necessary to send to Dayton to obtain equipment.

The purpose of the organization is to coordinate the Aeronautical clubs in a practical manner for the benefit of all and for the advancement of aviation.

Circleville sponsors are D. D. Dowden, R. L. Brehmer, E. I. Gephart, Glen R. Gorb, C. F. Ziegler and Samuel Joseph.

DELEGATES TO TURN EFFORTS TOWARD UNITY

Negotiations Continued In Private
Discussions Between
Four Powers.

LONDON, Mar. 13.—The American delegates today turned their efforts toward mediating the differences of the other delegations in an attempt to find a key which may open the deadlock now existing at the London naval conference.

Hopes of breaking the deadlock sufficiently to enable a real five-power agreement appeared to be faint, however.

The negotiations were continued in private discussions between the French and Italians and the British and Americans. A meeting of the "big five", originally scheduled for four o'clock this afternoon, was cancelled in order to give more time for the private discussions.

Consideration of the French tonnage figures by British and French experts during the first three days of the week gave no indication of a solution and succeeded only in reducing the French global tonnage demands to approximately 684,000 tons by elimination of 29,000 tons of special ships and 11,000 tons of vessels in exempt classifications which should not have been included in the French figures originally.

Faced with this impasse, efforts are now being turned toward solution of the Franco-Italian parity problem. If this is solved, it might possibly induce the French to reduce their claims.

There is no doubt in any quarter that the French demands were placed so high because the French realize it is not economically possible for the Italians to build up to parity with them. Should the Italians renounce their parity claim, the French probably would scale down their figures considerably.

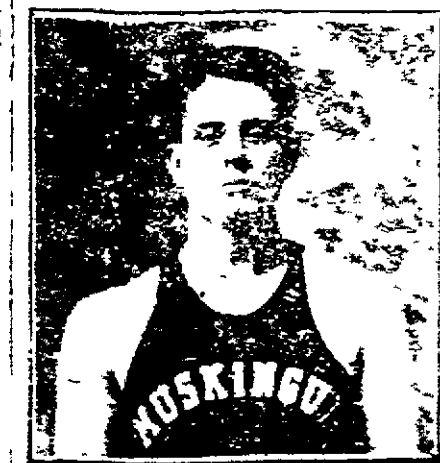

The American delegates are using their good offices in the various deadlocks, but are extremely fearful of offending either the Italians or the French by appearing to support one or the other.

NEW CONCORD, Ohio, Mar. 13.—In George Vlerbome of Circleville, Muskingum college had a scoring ace of the court the past season who topped the individual scoring of the Muskie quintet and will rank high in the Ohio conference. Playing his second year at forward "Bum" registered a total of 209 points in the 16 games he played, making an average of a fraction better than 13 points per game.

During the past season which was the second the Muskingum

Vlerbome emerged from almost obscurity to take the lead in the scoring of his team. His favorite shot at which he made a high run. For the 209 points to his credit, he made 37 goals and 43 from the free-throw line.

In field goals his lowest record was 10, being against the team of Pittsburg in the season's opener and against Mount Vernon his highest mark was 11 against Marietta and other teams were against Otterbein, Wright, and Ohio Northern and Wooster, each seven.

Meeting.

COLUMBUS, O., March 13.—A threatened split in the ranks of the Ohio Farm Bureau Federation today was believed to have been averted following the action of the board of directors of the organization in giving Murray D. Lincoln, the executive secretary, a vote of confidence.

A group of central Ohio county officials of the federation had charged that Lincoln usurped the power of the board of directors and then allegedly abused it.

The board of directors ignored the charges and gave Lincoln a vote of confidence. Directors of the Ohio Farm Bureau Corporation, which is regarded as a subsidiary of the federation, were elected yesterday. They include: F. M. Hatten, Delaware; W. E. Stough, Richland-co; C. J. Halverstadt, Columbiana-co; A. F. Moon, of Shelby; E. C. Darling, Coshocton; Mrs. N. L. Steva, St. Mary's; O. J. Bailey, of Belmont-co, was chosen president of the Farm Bureau Corporation.

JUDGE PEARSON, CLEVELAND, TALKS CONCERNING DIVORCE

Says No Man or Woman Who Has Children Should Be Permitted To Obtain Freedom—Other Jurists' Voice Opinions On Causes of Divorce.

CLEVELAND, March 13.—Determines and rots the very foundation of happiness. 5—Consider first. Marriage is a big step and lax marriage laws, which sooner or later must be remedied, require that the individuals observe the utmost precaution before the vows are taken.

6—Build homes. No more important job exists than the building up of a good home. Neglect of the home by either husband or wife is a sure sign of impending trouble.

Supplementing his rules of "happiness, though married," Judge Pearson declared, "No man or woman who has children should be permitted to get a divorce. Our juvenile courts are filled with children whose parents are either separated or divorced. Love is so devoid of definition that I shall not try to classify it, but which all is said and done, the petty jealousies and selfish interests I have outlined—all these disappear like magic with even a slight application of that greatest balm—love."

At the same time, Judge Pearson's brother jurists in the "divorce quiz" voiced their opinions as to the basic cause of divorce. Money according to Judge Frank C. Phillips is the most frequent question over which divorce actions are waged.

In the opinion of Judge Samuel H. Silbert, both the cause and the remedy of divorce may be summed up with the one word—habit. "Habit," Judge Silbert said, "is the strongest thing in life. When the deficiency of the other, un-

Justice Halts for Farewell

The wheels of justice momentarily pause in their ceaseless grind as 21-year-old William R. Howell, himself a convict, says farewell to his father, W. H. Howell, aged 65, who is under sentence to be electrocuted at Little Rock, Ark. The younger Howell, serving a sentence in the Michigan State Prison for carrying a pistol, was granted a 14-day furlough to visit his father. After he had started upon his trip southward, with money furnished by fellow prisoners, the father received a stay of execution of his sentence to death.

CAMPAIGN

(Continued from Page One) ship in the right way.

It is conceded by those who have made a study of circulation that no time is so well suited for getting subscriptions as the present. Every one is busy, and anxious to keep in touch with the happenings of the community and the world at large. They want a live newspaper and the Daily and Weekly Herald are beyond question the most up-to-date and modern newspapers in the county. It is an easy matter to get subscriptions to The Herald if you go at it in a systematic manner. This has been amply demonstrated by certain candidates who made phenomenal gains in their standing during the late vote offer.

Every time you see a man buy a newspaper from a boy on the corner you are witnessing a revelation of human nature. A man is not better known by the company he keeps than by the newspaper he reads.

Some newspapers win attention from day to day for news thoroughness, others because of a reputation for news spiciness, some for sports, some for local news and some for politics.

But the newspaper that holds its readers—that builds and maintains confidence—is the newspaper of character. The Daily Herald strives to be first of all a good newspaper. It endeavors to report the news of Circleville and vicinity in fact all the world, completely and intelligently. It aims to carry the messages of most interest to every citizen—to every worker, to the financier, to the manufacturer, to the sportsman,

to the student, to the family circle. In short, The Daily Herald aims to be clean, complete, reliable and helpful.

A newspaper of character is easily recognized. Some regard a newspaper as merely a business proposition. In many instances it is. But men, women and children who read The Daily or Weekly Herald find it clean, fair and square, and the candidates working for the valuable prizes offered in the present circulation campaign are selling a newspaper regarded as an institution dedicated to public service.

Go after the extra vote offer this week and don't let up a single day until you have gone "over the top." The present offer which is advertised today for the first time will make possible the winning of several hundred thousand votes and thereby prove a step toward the winning of the First Grand Prize. This coming week we will have two distinctly different offers to shoot at and every candidate should be very sure they understand them perfectly, in order to make the most of their opportunity. Remember TWO OFFERS ARE IN EFFECT. They must be handled accordingly. Here they are.

MOB OF STUDENTS STORM TOWN HALL

BUCHAREST, March 13.—More than 100 persons were injured today, some seriously, when a mob of Roumanian students stormed the town hall of Klausenburg during a demonstration against Jews and Hungarians studying at the University there.

After the students took possession of the town hall they resisted the efforts of armed police and a detachment of troops to get them out of the building for a full hour. During that time a battle-royal was waged with the students throwing stones and other missiles at the police and troops from the windows and roof of the structure. The students were not routed until the troops charged into the building with unheated bayonets.

Among the injured was a large number of women.

PEARSON

(Continued from Page One.) people become used to each other, they learn to depend on each other, and cling instinctively to the home they have created."

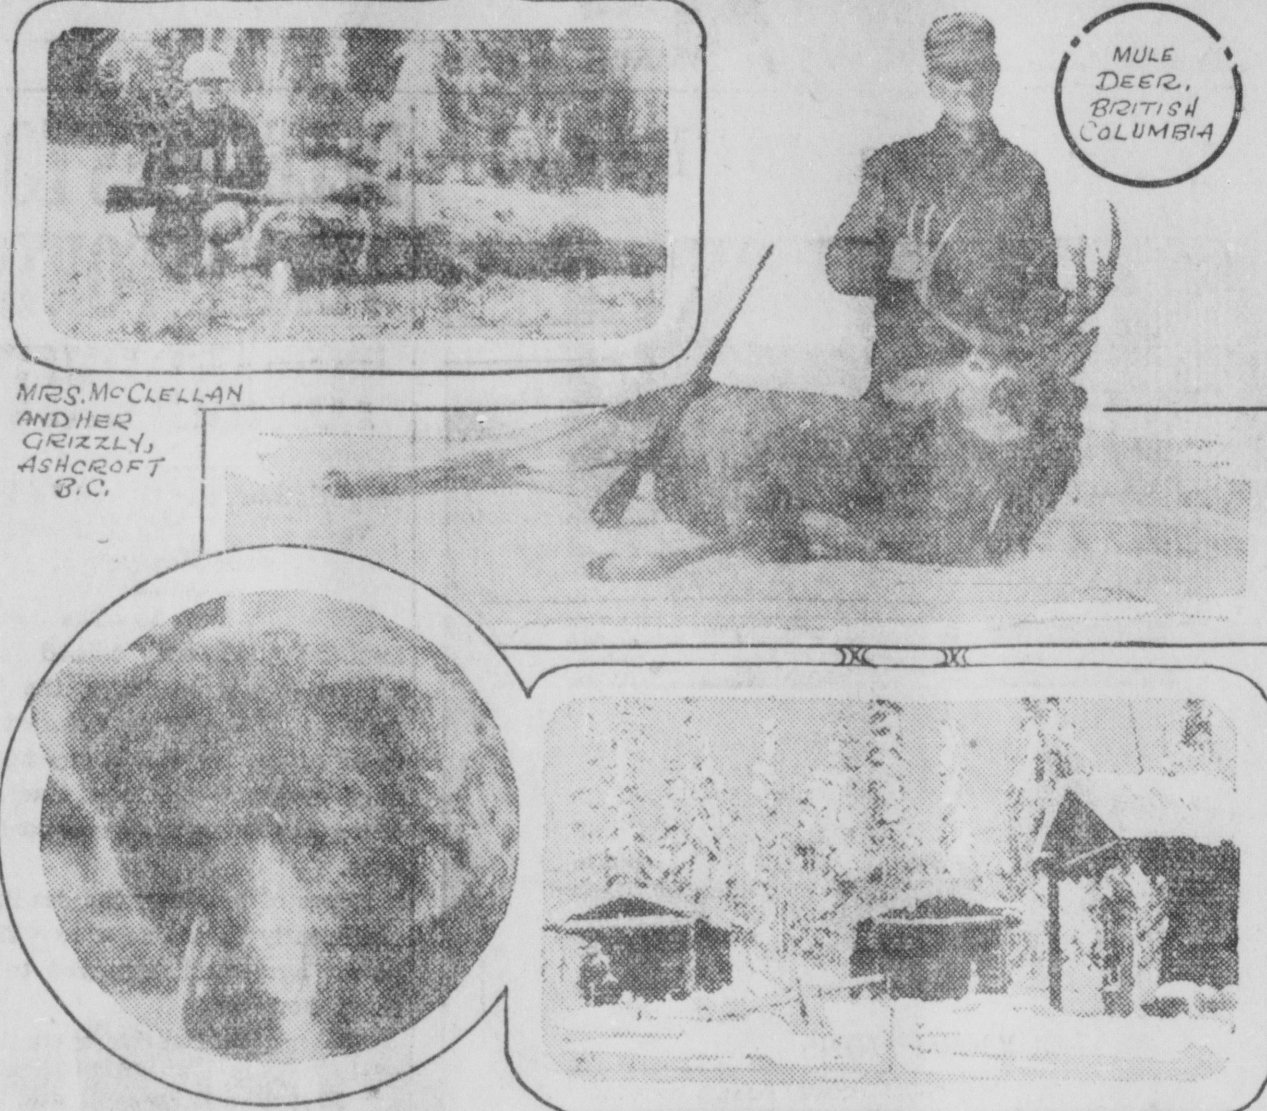

Still another version of what causes a rift between married couples was advanced by Judge Frederick P. Walther. He contends that women's work outside the home is the most pernicious influence that undermines the home by building up a feeling of independence on the part of the women.

"In all my experience," Judge Walther said, "I have found not one instance in which confidential and dependent relations existed between the parties concerned."

Martyr to Principle

John Bunyan was born in 1628 near Bedford, in England. He was placed in Bedford jail because, being a dissenting preacher, he refused to give up preaching. Unable to extract a promise from him to refrain from his preaching, the authorities released him after holding him for about twelve years. Part of the "Pilgrim's Progress" was written in prison.

British Columbia's Grizzlies Lure Daring Nimrods

OLD SILVER TIP

HUNTING CAMP NEAR ASHCROFT B.C.

Big game hunters who cannot wait until the autumn to pursue their favorite pastime should investigate the splendid hunting afforded by British Columbia, Canada's most westerly province, the home of the grizzly and other species of bear. Grizzly hunting is in every sense a man's sport, requiring a clear, level head, a steady nerve, a quick eye and a never-failing trigger-finger. After his long winter hibernation, Mr. Grizzly roams the wilderness in search of fresh victims. Then it is that the hunter has his inning, and if he is very fortunate, he may bag a fine silver-tip grizzly—one of the most coveted of trophies.

British Columbia is the finest big game country in North America. Its vast areas of wilderness, reached from Ashcroft, B. C., on the main transcontinental line of the Canadian Pacific Railway, shelter not only the much-sought grizzly, but moose with record antlers, mule deer, caribou, and, in the northern sections, elk. The season on all animals except bear, however, does not open until the fall, whereas the hunter may lawfully shoot grizzly bear (also brown bear and other species except white or Kermodei bear) from Sept. 15 to June 30, inclusive, in the Eastern District, and from July 1 to the following June 30 in the Western District.

E. S. Knight, well known guide and outfitter of Ashcroft, has a number of expert woodsmen who escort hunters into the wilds in quest of big game, and it is seldom indeed that a party of sportsmen having one of these guides as guide fails to "bring home the bacon."

Grizzlies grow to a tremendous size. Several years ago Gus Cook, of Dundas, Ill., dropped an 800-pounder with his fifth shot after the monster charged and had come within ten feet of him. Incidentally the average artist depicts the grizzly charging standing up like a man, whereas in reality he charges on all fours and hits as he runs.

Why People Abhor Fat

Not only because it blights beauty and vigor, but because informed people regard it as needless. They know that a chief cause is a gland weakness, easily corrected.

Modern physicians, the world over, now aim at that weakness. Their method is embodied in Marmola prescription tablets, now used for 22 years. The countless fat people who have grown slender now everywhere show what this method does. Perhaps your close friends can tell you.

If you are over-fat, you owe to yourself a test of Marmola. The reasons and formula are in every box. Every drug-gist supplies it—\$1 a box. Starving is not necessary. Go start today.

A COLD

As soon as you realize you've taken cold—take some tablets of Bayer Aspirin. Almost before your head can stuff-up, you feel your cold is conquered. Those aches and pains you felt coming on will soon subside. Relief is almost instantaneous! Even if your cold has gained headway, and your temples throb and your very bones ache, these tablets will bring prompt relief. It is better, of course, to take Bayer Aspirin at the very first sneeze or cough—it will head-off the cold and spare you much discomfort. Get the genuine, with proven directions for colds and headaches; neuralgia, neuritis, sore throat, and many important uses.

47 Years' Practice Taught Dr. Caldwell

Many things about Men and Women

DR. CALDWELL loved people. He studied the habits of his patients and tried to improve their ways of living. His observations over a long period of time convinced him many people were ruining their health by a careless choice of laxatives. Then he determined to write a prescription which would get at the cause of constipation and correct it quickly and safely.

How successful his efforts were is best shown by the fact that the prescription he wrote back in 1885 has become the world's most popular laxative! He prescribed a mixture of herbs and other pure ingredients now known as Dr. Caldwell's Syrup Pepsin, in thousands of cases where bad breath, coated tongue, gas, headaches, biliousness, and lack of appetite, or energy showed him that the bowels

of men, women or children were sluggish. It proved successful in the most obstinate cases. So men liked it. Old folks liked it because it never gripes. Children liked its pleasant taste. And everybody is pleased with the gentle way it accomplishes its purpose.

By 1888, the demand for this laxative was so great that the doctor permitted it to be bottled and sold by drugstores. Today you can obtain Dr. Caldwell's Syrup Pepsin from any drugstore in the world.

Happy Woman Tells How She Lost 19 Pounds of Fat In 27 Days

During October a woman in Montana wrote—"My first bottle of Kruschen Salts lasted almost 4 weeks and during that time I lost 19 pounds of fat—Kruschen is all you claim for it—I feel better than I have for years."

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the little daily dose that takes off the fat."—Don't miss a morning. The Kruschen habit means that every particle of poisonous waste matter and harm-

ful acids and gases are expelled from the system.

At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's six life-giving salts are carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

Justice Halts for Farewell

The wheels of justice momentarily pause in their ceaseless grind as 21-year-old William R. Howell, himself a convict, says farewell to his father, W. H. Howell, aged 65, who is under sentence to be electrocuted at the Michigan State Prison for carrying a pistol, was granted a 14-day furlough to visit his father. After he had started upon his trip southward, with money furnished by fellow prisoners, the father received a stay of execution of his sentence to death.

CAMPAIGN

(Continued from Page One.) ship in the right way.

It is conceded by those who have made a study of circulation that no time is so well suited for getting subscriptions as the present. Every one is busy, and anxious to keep in touch with the happenings of the community and the world at large. They want a live newspaper and the Daily and Weekly Herald are beyond question the most up-to-date and modern newspapers in the county. It is an easy matter to get subscriptions to The Herald if you go at it in a systematic manner. This has been amply demonstrated by certain candidates who made phenomenal gains in their standing during the late vote offer.

Every time you see a man buy a newspaper from a boy on the corner you are witnessing a revelation of human nature. A man is not better known by the company he keeps than by the newspaper he reads.

Some newspapers win attention from day to day for news thoroughness, others because of a reputation for news spiciness, some for sports, some for local news and some for politics.

But the newspaper that holds its readers—that builds and maintains confidence—is the newspaper of character. The Daily Herald strives to be first of all a good newspaper. It endeavors to report the news of Circleville and vicinity in fact all the world, completely and intelligently. It aims to carry the messages of most interest to every citizen—to every worker, to the financier, to the manufacturer, to the sportsman,

to the student, to the family circle. In short, The Daily Herald aims to be clean, complete, reliable and helpful.

A newspaper of character is easily recognized. Some regard a newspaper as merely a business proposition. In many instances it is. But men, women and children who read The Daily or Weekly Herald find it clean, fair and square, and the candidates working for the valuable prizes offered in the present circulation campaign are selling a newspaper regarded as an institution dedicated to public service.

Go after the extra vote offer this week and don't let up a single day until you have gone "over the top." The present offer which is advertised today for the first time will make possible the winning of several hundred thousand votes and thereby prove a step toward the winning of the First Grand Prize. This coming week we will have two distinctly different offers to shoot at and every candidate should be very sure they understand them perfectly, in order to make the most of their opportunity. Remember TWO OFFERS ARE IN EFFECT. They must be handled accordingly. Here they are:

LAST OF RANDOLPH SLAVES IS CLAIMED

PIQUA, O., March 13.—Giles Clay, 94-year-old negro, the last surviving member of the famous Randolph slaves, is dead here today following an operation. The colored man was born on the famous John-Randolph plantation in Virginia.

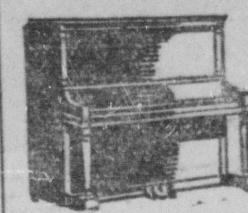

MOB OF STUDENTS STORM TOWN HALL

BUCHAREST, March 13.—More than 100 persons were injured today, some seriously, when a mob of Roumanian students stormed the town hall of Klausenburg during a demonstration against Jews and Hungarians studying at the University there.

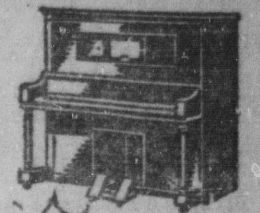

After the students took possession of the town hall they resisted the efforts of armed police and a detachment of troops to get them out of the building for a full hour. During that time a battle-royal was waged with the students throwing stones and other missiles at the police and troops from the windows and roof of the structure. The students were not routed until the troops charged into the building with unheated bayonets. Among the injured was a large number of women.

The high school operetta, "The Miniature Lady," will be given Friday, March 21, 1930.

Polly, Molly, Ted and Tad choose Jacqueline Jones, secretary of Polly's aunt, Mrs. Hastings, for the miniature lady in a bazaar. She is to be like the miniature lady that Polly's Uncle Richard Ross carries with him.

Allan Hastings, son of Mrs. Hastings, falls in love with Jacqueline Jones. He reads her a poem:

"I'd steal the gold from the Lily's heart
To lay at your slender feet.
A passing sigh,
A downcast eye,
Would be recompense complete!"

Rosie, the cook, and Timothy, the gardener, overhear the conversation between Miss Jones and Mr. Hastings. Rosie thinks he is going to steal gold from Miss Lily Hart.

Miss Lily rushes in saying that she has lost her treasure. Rosie and Timothy tell Mrs. Hastings that Miss Jones is "bewitched" by her son, then well, that is all I can tell you. Just come and get the rest of the story when the operetta is presented, Friday, March 21.

Here is the cast:
Mrs. Jerome Hastings, who is very much impressed with a sense of her own importance and who attempts to dominate the lives of Annalee McCune.

Allan Hastings, her son, a struggling young lawyer with poetic tendencies. Carroll Hughes. Polly, her motherless niece. Ruby Farmer.

Major Richard Ross, her bachelor brother. Oakley Turner.

Miss Jacqueline Jones, her secretary. Lela Tarbill.

Rosie, her cook. Nellie Morris. Timothy, her gardener. William Brown.

Molly, Polly's best friend. Opal Kirk.

Ted and Tad, allies of Molly and Polly. Willis Cleary—John Kirk.

Miss Lily Hart, a withering blossom, who still has hopes of ensnaring the affections of Major Ross. Kathryn Bowman.

Chorus of boys and girls, friends of Polly's.

Tickets for the operetta will go on sale at the school building Friday noon, March 14. After that time they will be on sale at Turner's barber shop. Reservations may be telephoned to the school building. Reserve seats early.

The honor roll for the fourth term is as follows:

AVOID THAT FUTURE SHADOW*

By refraining from over-indulgence, if you would maintain the modern figure of fashion

Women who prize the modern figure with its subtle, seductive curves—men who would keep that trim, proper form, eat healthfully but not immoderately. Banish excessiveness—eliminate abuses. Be moderate—be moderate in all things, even in smoking. When tempted to excess, when your eyes are bigger than your stomach, reach for a **Lucky Strike** instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence if you would maintain the lithe, youthful, modern figure.

*Be Moderate! . . . Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking **Lucky Strike** Cigarettes will bring on lean figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, you will reach for a **Lucky** instead, you will thus avoid over-indulgence in things that cause excess weight and by avoiding over-indulgence, maintain a modern, graceful form.

PAIN AFTER EATING?

"I have tried many medicines and none have given me the satisfaction that **ACIDINE** has," says Miss Mildred Wagner, 275 Oak St., Cincinnati, Pa., and she continues: "After eating a meal, no matter what I ate, I would be troubled by a lot of gas. I am sure it was the result of **ACIDINE** after each meal and it always relieves the pain around my heart."

It is no too late to get your stomach, colon, too much acid and the resulting indigestion, gas, bloating, cramps and other troubles. **ACIDINE** is the one outstandingly effective stomach remedy that is guaranteed by Hamilton & Ryan and druggists everywhere to end indigestion or money back.

STABILIZING WATER LEVELS

Chicago officials have been wondering whether they couldn't collect damages from somebody for the high water which smashed their waterfront last year. The offense was blamed in part on the opening of floodgates at the Soo, which dumped more water than usual from Lake Superior into Lake Michigan, Huron and the lower lakes. That seemed to put the blame on Uncle Sam.

It appears, however, that the government was obliged by treaty with Canada to regulate the outflow so as to keep Lake Superior constantly between the limits of 602.1 and 603.6 feet above sea level. The heavy snows and rains of last winter and spring had raised Lake Superior along with neighboring lakes. It was too bad to dump her surplus into them, aggravating their levels, but what else could be done?

The result was serious to all of the other four Great Lakes and their connecting channels. Thousands of miles of shore were submerged. Thousands of docks and beaches were ruined. Landmarks were obliterated and channel marks were submerged or swept away. Navigation, though helped somewhat by deep water, making heavier loading possible, was confused by changing depths.

The same situation is threatened again for this year, some observers say. But there is an obvious remedy. If Lake Superior levels can be controlled, the engineers point out, the other lakes can be similarly controlled at their outlets. It is a question of channel-depts, gates and submerged dams which would not be hard to build and would not cost much. Army engineers have already recommended such works. Thus the greatest fresh water system in the world would be stabilized.

BUSINESS CHEER

The Departments of Commerce and Labor, which are probably in position to know more about industrial conditions than any other authorities in the country, find less unemployment at present than has been supposed to exist, and a fairly steady improvement since the first of the year.

There has been a gratifying response, the President says, to the request for increased construction work by public authorities and public utilities, so that new contracts of this sort have been much larger for the past two months than ever before. This statement sweeps aside a lot of loose talk to the effect that the national building campaign had failed.

Wage agreements have been observed and wages have kept up—a very wholesome sign.

The unemployment is far less than it was at the corresponding period of the depression of 1920-22. In two months, Mr. Hoover thinks, the nation will be out of the woods and rolling along the prosperity road again. Which is the best business news heard for some time.

"MASTER of MONEY"

BY ROY VICKERS

Chapter XXXIII.
N DUD course Shirley worked her way to the business in land.

She had come prepared to state her position very fully, to argue, and was disappointed when the Commissioner thoroughly agreed with everything she said and promised that the matter of sending troops into the interior should have his immediate attention. If she would leave her address, he would write to her as soon as he had made the necessary arrangements with the military authorities.

She found it hard to conceal her chagrin whilst she went through the stereotyped formula of profuse thanks for his most sympathetic attention.

She was passing through the waiting-room when her eye was caught by a man whose face was vaguely familiar to her. The man, too, was obviously waiting for her. She hesitated an instant and then, remembering her signature in the editor's book, added: "I have been married since we last met, Monsieur Maurois."

But Shirley had not forgotten him. His voice revived memory of his personality. For an instant she gazed at him and found it difficult to tell whether he is really taking any notice of what one is saying to him.

"They are all like that. If you have any difficulty with the authorities it is possible that I might be of some service. I have many interests in this country and have learned something of its customs. . . . You have a car waiting."

"We hire one from Orrodi Week," she answered, "and I must telephone to the garage. I sent the car back as I did not know how long I should be."

"Then you must permit me," said Maurois, nodding to the chauffeur in charge of a limousine waiting by the curb.

"Oh, I could not think of it," flattered Shirley. "I can easily wait or take a taxi. You have an appointment with the Commissioner."

"That is easily settled," said

Maurois, then speaking in French to a minor official who hovered round them: "My compliments to Monsieur Stavros and I would be pleased if he would call upon me this afternoon at my house."

So that, thought Shirley as she entered the limousine, was the manner in which Monsieur Maurois treated the most important man in Macedonia. And he was obviously anxious to show every courtesy to herself. Here was the good luck she had been expecting to find at the Commissioner's.

He got in beside her, asking questions about Mrs. Sibley, the Westburys whose guest he had been, and New York in general.

"It is impossible for you to realize the extent to which one is cut off," he explained. "Our newspapers are often two weeks old—and who can bring himself to read an old newspaper?"

"Then you must find a very great counter-attraction in Macedonia," she pointed out.

"It is a country of great potentialities—and what would you?" he countered. "Here we are, I think."

He got out and as she followed him she saw Alan coming down the

shrewd sort of man. "I should think, by the look of him," only some forty miles up country, but the roads are very bad and I shall probably be there three or four days."

"What about the bandits?" she asked apprehensively.

"Have to chance it!" he answered. "I don't want the trouble of a police escort. I shall carry much in the way of money."

"I wish you would take an escort," she pressed. "I shall be very worried until you return. I shall you better leave me some money for ransom in case you're captured?"

"There won't be any ransom," he laughed. "I am carrying a re-

"My name is Brennaucay now," she went on

steps of the house—through the iron railings.

She stepped forward. "Alan, wasn't it an amazing coincidence—at the Commission's office, in the waiting-room, I happened to meet an old friend."

She turned to the Frenchman. "My husband—Monsieur Maurois."

As she made the introduction, Shirley thought that she saw Alan wince. It was the first time she had used the words "my husband" of him.

Maurois refused to come in and, after the formalities of introduction, left them.

When the limousine had turned the corner, Alan spoke. "I had the distinct impression that that fellow doesn't believe we are married," he said jerkily.

"You must be wrong," she assured him. "He has been out here four years—he told me he never read the American papers—and he addressed me as 'Miss Dane.'"

"Perhaps. But men like that have a sort of uncanny instinct in such matters. And he's a pretty

voler. As a rule those fellows won't risk a fight unless they're sure of a terrific prize. And to them I shall be an ordinary traveller."

His answer failed to satisfy her, but she said nothing. Gloom had settled upon her at the thought of his going up-country.

"Yet he must have been in that kind of danger lots of times in Mexico," she told herself. "And I never worried about it then."

For long after he had gone, she sat brooding, trying to discover what it would mean to her if Alan were killed, each time shrinking away from the question.

"I'm getting morbid," she told herself and went into the garden for fresh air. The cold snap had passed and the weather was fair and warm as an American June.

A faint breeze came to her from over the city. . . . She turned as she caught the sound of a footstep behind her. She turned and faced Maurois.

DR. COPELAND SAYS—

Soft Living Takes Its Toll

Dr. Copeland's Health Topic Today

by Muscles a Product of Modern Civilization, Says
Authority, Urging Exercise as a Substitute
for Hard Labor of Earlier Years.

BEN JONSON, that inimitable sixteenth century writer, dramatist, poet, and friend of Shakespeare, wrote these words:
"Oh, Health! Health! the blessing of the rich!
"The riches of the poor!"

DR. COPELAND

"Who can buy thee at too dear a rate since there is no enjoying the world without thee?"

Health is for rich and poor so long as the laws of health are followed. Little does one enjoy the world when health is gone.

What can be done to build for health? You cannot have good health without plenty of physical exercise. Yet the great insurance companies tell us that physical examinations of thousands of persons reveal the fact that human muscles are growing flabby. In this country, and in other countries, at the beginning of the World War, the fact was found, never before realized, that thousands of young men were unfit for service because of flabby muscles, and other physical defects.

Most of the things that our ancestors had were acquired through hard work. They were acquired through hard work. They worked for what we merely press the button to get.

In primitive times man dug in the ground, climbed trees and hunted game and animals. He had to be on the defensive against attacks of the enemy.

Today, labor-saving devices are increasing constantly. In consequence, most persons are not getting the necessary exercise to maintain good health. They go without it unless they plan for it in the day's program.

Are you getting sufficient exercise? If you are not, the chances are that if you go on very long in your own way you will be in the class with the big army of the physically unfit.

When there is a continued lack of proper exercise, not only do the muscles grow flabby and soft, but, besides, the lungs do not get enough exercise. The heart action grows weak, for here, also, is a great mass of muscles demanding exercise. The blood vessels grow weak and fail to do their required work of carrying the blood to all parts of the body.

During the cold months, too many persons stay indoors most of the time. They should be having regular daily exercise, indoors or out, every day of the year. For a normal person, bending and stretching exercises are good for flabby muscles. Do not exercise spasmodically. Begin in moderation and work up to a point of judicious exercise. Nothing could be better for your health.

It is a good thing to find some form of physical play, some form of relaxation from which pleasure and profit are derived. Outdoor sports are more popular than ever today, but there are thousands of people who are onlookers merely. They do not go in for sports themselves, but even so, the open-air life is decidedly beneficial.

Spring is coming on and with it outdoor golf. Here is a form of exercise that takes thousands of per-

sons out into the fresh air to shine, and probably adds your expectation of life.

If you have been an indoor man during the winter months is the time to change your and get out of doors. Perhaps like tennis. This is a splendid recreation, but it should be known that it is a most vigorous game, but none is more conducive to strength and vigor if you are in good condition and can stand the pace.

It is well to have a physical examination once a year, so that you may regulate your exercise to your physical powers.

Theatres

AT THE CLIFTONA

A noted critic has said of H. B. Warner, who is seen with Lois Wilson at the Cliftona theatre Thursday in "Wedding Rings," a First National and Vitaphone production:

"He is the most versatile of modern actors. He has the happy faculty of throwing himself completely in to a role, body and soul. Always in some mysterious manner he is H. B. Warner, but in each and every impersonation he becomes also the character portrayed. No other player on the twentieth century English-speaking stage has shown such a wide range of capacity."

In "Wedding Rings," which is based upon the well-remembered novel, "The Dark Swan," by Ernest Pascal, Mr. Warner's part is that of a man who is loved by two women. The period of the story is today; the scene is the United States of America, and the people are such people as we all know.

Mr. Warner's enactment of the role has been hailed by reviewers in the leading cities of the country as a new character type for the long gallery of Warner interpretations.

AT THE GRAND A couple of leatherneck Don Juans! That's a trite way to characterize Edmund Lowe and Victor McLaglen as "Sergeant Quirt" and "Top Sergeant Flag" in the Fox

Movietone all talking production, "The Cock Eyed World," directed by Raoul Walsh and opening next Sunday at the Grand theatre.

Based on a story written by Laurence Stallings and Maxwell Anderson, who co-authored the unforgettable "What Price Glory," Lowe and McLaglen are still in the marines, though it is peace time, but plenty of fighting in the tropics—and between themselves.

Pals, buddies, brothers, everything is great until one falls for a "femme." Then each claims priority and the innocent cause of the trouble must stand by while they tell each other plenty.

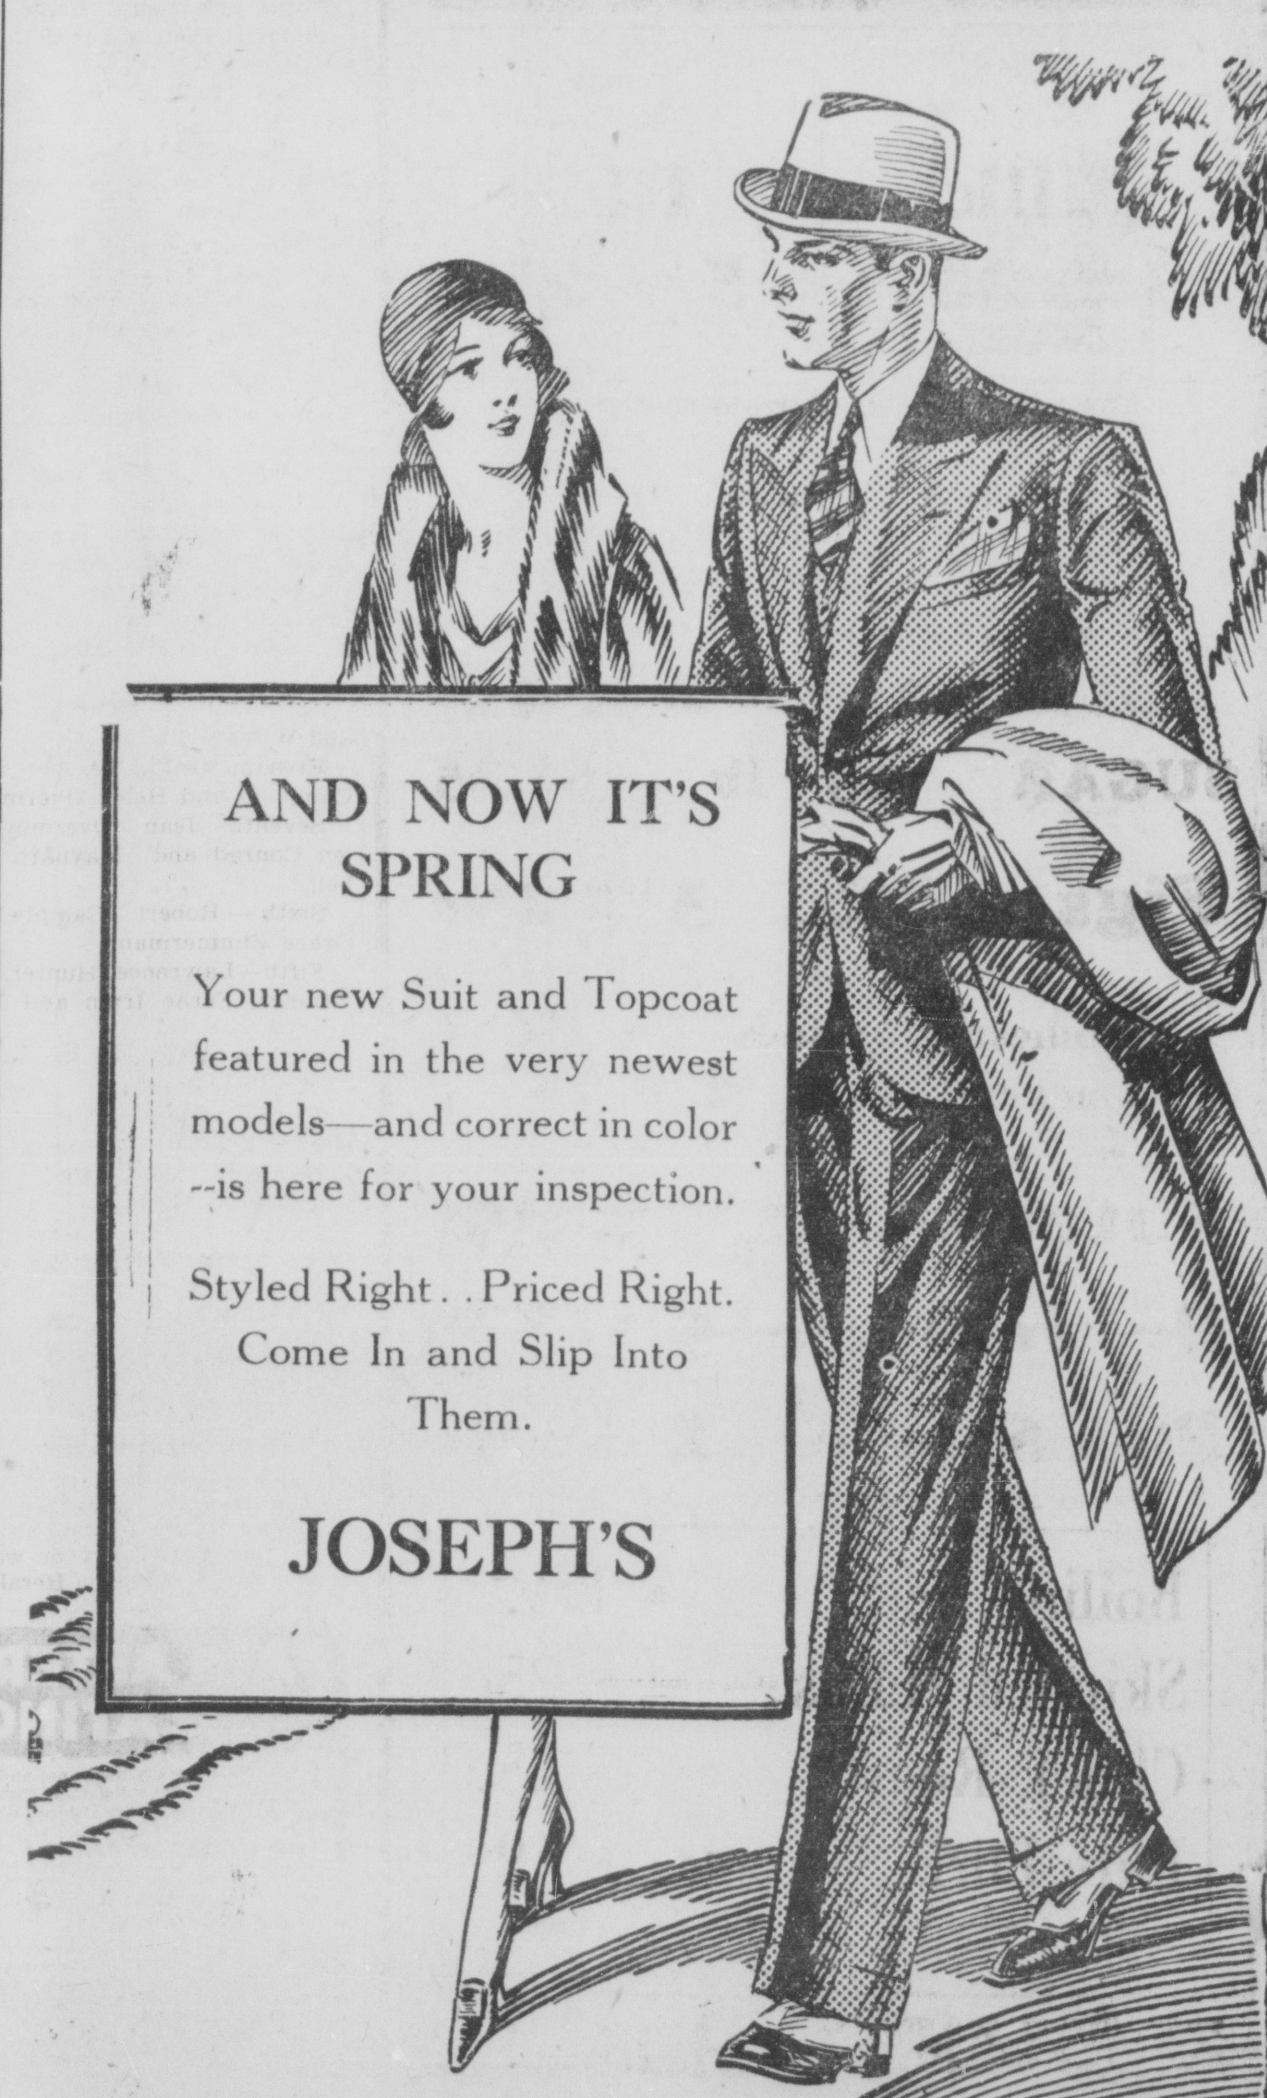

Of their many love affairs, three stick out prominently; one in the tropics with the gorgeous Lily Damita,

JOSEPH'S

A. C. MEETS SPRINGFIELD IN SEMI-FINALS OF TOURNEY

Aquinas gymnasium, Columbus, will be the mecca of all Circleville basketball fans this evening when the C.A.C. court team invades that floor to meet the Den-ton team of Springfield in the semi-finals of the Ohio State Journal tournament. The game is to start at 9 p.m.

The other semifinal tilt of the evening will see the Glenford Leck Stars pitted against the Hebron Balthis Cassers.

Springfield has one of the neatest teams in the tournament but if the Club can play the kind of basketball it did Tuesday night, especially in the first half of the game against Bellpoint, Springfield will know it has been through a game. The Club put up one of the prettiest exhibitions of basketball they have ever put out against the Eberly Cadillacs for one half, but in the second things didn't go quite so well and the scrap was not on the right side of the ledger until the final minute.

The Springfield team is comprised almost entirely of Wittenberg college men. The forwards are Weasel Eisele, former Akron South Hi star, who has been burning up the Buckeye A.A. all season, Eisele is the key to the Springfield offense and if he can be tied up, it is thought the Club has a mighty good chance to cop victory. Pitzer, a Wittenberg freshman, plays the other for-

wards. Dopey Kreeger, of Toledo, is the center, and Buck Rearrick and Andy Mansfield play guards.

CATHOLIC TOURNEY TO START FRIDAY

Ray Dietrich, Ohio Wesleyan Coach, To Officiate—Many Teams Entered.

COLUMBUS, O., March 13.—The second annual Catholic Diocesan high school basketball tournament, which will determine the Catholic championship for southeastern Ohio, opens here Friday, being scheduled to come to a close Saturday evening.

Ray Dietrich, basketball coach at Ohio Wesleyan university, and Bob King, formerly with the Ohio Wesleyan athletic department, are in charge of the tournament. W. H. McGrath, director of parochial school activities in the Columbus diocese, is chairman of the committee which arranged the tournament.

Among the schools which are represented by teams at the tournament are Coshocton Sacred Heart, Cambridge St. Benedict's, Conning St. Bernard's, Delaware St. Mary's, Ironton St. Joseph's, Mt. Vernon St. Vincent's, Newark St. Francis, Portsmouth Central, Zanesville St. Nicholas and three Columbus institutions, St. Mary's, St. Charles and Rosary.

End Bunion Pain Forever

No Need to Suffer Another Day Those Agonizing Torturing Pains.

There is one simple yet inexpensive way to reduce inflamed, swollen toe joints and get them down to normal, and that is to apply Moore's Emerald Oil night and morning, and people who suffer from such enlargements would be wise to reduce them before they reach a more or less chronic stage.

Ask Hamilton & Ryan or any first class druggist for an original two-ounce bottle of Moore's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces last a long time, and furthermore if this wonderful discovery does not give you complete satisfaction you can have your money refunded.

Special notice: People who want to reduce swollen or varicose veins should get a bottle of Emerald Oil at once. By applying night and morning as directed they will quickly notice an improvement which will continue until the veins and bunions are reduced to normal.

Alcohol Long in Use

Alcohol has been known from time immemorial, but it was not until 1808 that its composition was determined. The word "alcohol" is of Arabic origin and literally translated means "powder for painting the eyebrows." It was prepared by the distillation of fermented materials during the Middle Ages. Any-drous alcohol was first prepared by Lavoisier, a French chemist, in 1796, and its composition was first determined by Soussane in 1808.

Fresh Air and Warmth

The public health service says that fresh warm air of a proper degree of moisture and free from appreciable draft is now recognized as essential to indoor workers. The old idea that a cold room necessarily contains fresh air and that comfortably warm rooms necessarily contain bad air has been discarded.

French Used by Royalty

English was not habitually used in speech or writing by any English king until Henry V's reign, 350 years after the Norman conquest. Henry IV at the beginning of the fifteenth century still wrote in French to his English tailor in London, as shown by a letter in the British museum.

Big Four of the New York Yankees

When Colonel Jacob Ruppert, owner of the New York Yankees, arrived at St. Petersburg, Fla., to talk terms with Babe Ruth, he completed a quartette of baseball figures probably never before equalled in one picture. They are (above, left to right) George Herman Ruth, greatest box-office attraction baseball has ever known; Colonel Ruppert, generous owner of the New York Yankees; in some respects the most remarkable ball club ever seen; Bob Shawkey, one-time champion pitcher of the Yankees, who is now manager of the former world's champions, and Lou Gehrig, who, were it not for the Babe, would today be crowned the greatest hitter in the big leagues. The Babe agreed to sign a contract calling for \$80,000 a year for two years, ending a long-standing controversy.

FINAL WEEK OF BUCKEYE ELIMINATIONS ON TONIGHT

BY JOSEPH K. RUKENBROD
COLUMBUS, O., March 13.—The rapid-fire play of the semi-final tournaments for the state high school basketball championship will get under way tonight when four Class B teams tangle in two preliminary games at Findlay High school, starting off the northwestern district tournament.

The two games tonight will see Archbold battle the strong Whetstone team at 7:30. Roseford and Mendon will tangle at 8:20. Whetstone is expected to win the initial contest of the tourney. The Roseford-Mendon clash is more or less of a toss-up. Both of these latter teams have impressive records for the season and a clean slate for the play in the sectional meets which were held last week.

The semi-finals will get under way in full force tomorrow morning when more than 100 high school cage teams will gather at seven cities to strive for district honors.

Only 16 teams will survive the mad scramble in the district play and will represent their respective districts at the state finals at Columbus March 21 and 22. Eight of these teams are classified as "A" teams and eight are in the "B" class.

Although there are only six districts, the play will be held in seven cities, the northwestern district holding its "A" tourney at Akron and the "B" meet at Kent. The other districts will hold meets for both classes at the same place.

Six of the teams which entered the Class A finals at the state fair grounds coliseum here last year, have excellent chances to repeat their performances of 1929, by coming through the district tournaments for the right to enter the final clashes.

These six teams are Dayton Stivers, the defending champion.

EIGHT

IN THE WORLD

That the new De Soto Straight Eight is the lowest-priced Eight in the world is only one of the many appeals that this car is making to thousands of buyers. It is distinctly the kind of car that gives no hint of low price. It is a big car—roomy and comfortable. It is a powerful car that gets away like a flash, and is capable of sustained high speed. Its Unisteel type of body and chassis construction affords new measures of sturdiness and safety. And its mechanical features and equipment parallel those found in Eights selling for hundreds of dollars more.

De SOTO

WITH THESE FEATURES

- Unisteel Construction of Chassis and Body

A complete set of books have arrived at the school building. This is quite an addition to our library. Books from the first to the 12th grade were ordered. These books will be ready to check from library in a few days.

The Parent-Teachers have bought additional hedge for beautifying the school premises. The school appreciates this interest shown by the association. Mrs. Pherson is looking after this hedge.

Radio programs have been very educational lately. We have received valuable information from great authorities. Our athletic play was a success.

When Babies FRET

There are times when a baby is too fretful or feverish to be sung to sleep. There are some pains a mother cannot pat away. But there's no time when any baby can't have the quick comfort of Castoria! A few drops, and your little one is soon at ease—back to sleep almost before you can slip away.

Remember this harmless, pure vegetable preparation when children are ailing. Don't stop its use when Baby has been brought safely through the age of colic,

diarrhea, and other infantile ills. Give good old Castoria until your children are in their teens! Whenever coated tongues tell of constipation; whenever there's any sign of sluggishness that needs no stronger medicines to relieve. Castoria is pleasant-tasting; children love to take it. Buy the genuine—with Chas. H. Fletcher's signature on wrapper.

Oh, but that dinner was good! The annual basketball banquet was given last Saturday night, March 8. The regular boys and girls team and two cheer leaders were the 24 seated at the table. The red and blue Atlanta's school colors, were carried out in the decorations. A three-course dinner was served. After the dinner games were played. Prizes were awarded to Annamae Stevenson, who came closest in guessing right number of beans in can, and Virgil Farmer, winner of the penny game.

The high school operetta, "The Miniature Lady," will be given Friday, March 21, 1930.

Polly, Molly, Ted and Tad choose Jacqueline Jones, secretary of Polly's aunt, Mrs. Hastings, for the miniature lady in a bazaar. She is to be like the miniature lady that Polly's Uncle Richard Ross carries with him.

Allan Hastings, son of Mrs. Hastings, falls in love with Jacqueline Jones. He reads her a poem:

"I'd steal the gold from the lily's heart

To lay at your slender feet.

A passing sigh,

A downcast eye,

Would be recompense complete!"

Rosie, the cook, and Timothy, the gardener, overhear the conversation between Miss Jones and Mr. Hastings. Rosie thinks he is going to steal gold from Miss Lily Hart.

Miss Lily rushes in saying that she has lost her treasure. Rosie and Timothy tell Mrs. Hastings that Miss Jones is "bewitchin'" her son; then well, that is all I can tell you. Just come and get the rest of the story when the operetta is presented, Friday, March 21.

Here is the cast:
Mrs. Jerome Hastings, who is very much impressed with a sense of her own importance and who attempts to dominate the lives of Annalee McCune.

Allan Hastings, her son, a struggling young lawyer with poetic tendencies...Carroll Hughes.
Polly, her motherless niece...Ruby Farmer.

Major Richard Ross, her bachelor brother...Oakley Turner.

Miss Jacqueline Jones, her secretary...Lela Tarbill.

Rosie, her cook...Nellie Morris.

Timothy, her gardener...William Brown.

Molly, Polly's best friend...Opal Kirk.

Ted and Tad, allies of Molly and Polly...Willis Cleary—John Kirk.

Miss Lily Hart, a withering blossom, who still has hopes of ensnaring the affections of Major Ross...Kathryn Bowman.

Chorus of boys and girls, friends of Polly's.

Tickets for the operetta will go on sale at the school building Friday noon, March 14. After that time they will be on sale at Turner's barber shop. Reservations may be telephoned to the school building. Reserve seats early.

The honor roll for the fourth term is as follows:

Senior—Annalee McClune, Lela Tarbill.

Sophomore—Geneva Hoskins, and William Brown.

Freshman—Phyllis Ater, Junior Campbell and Helen Overmeyer.

Seventh—Jean Overmeyer, Alton Conrad and Maynard Campbell.

THAT the civic spirit of a city is the sum total of the spirit of its citizens.

THAT a citizen is an integral part of a city and it is incumbent upon each one of them to display their own civic patriotism in their individual lives.

THAT the future growth of a city depends entirely on the part that its citizens take in its everyday life.

THAT to assure better business (and it is by better business that a city grows) a high spirit of loyalty to the home city must be developed and maintained.

THAT as civic patriotism is the cornerstone of loyalty, co-operation among the citizens for the benefit of all must be had. Cities grow in direct proportion to the way its citizens work together.

ALL CITIZENS SHOULD SUPPORT THE CITY THAT SUPPORTS THEM.

A GREAT NEED IN MANY CITIES IS FOR A LOT OF GROUCHES AND TIGHT-WADS TO COME ALIVE AND TRY TO BE GOOD NEIGHBORS AND GOOD CITIZENS.

IF SLACKERS WOULD COME ALIVE TOGETHER AND BOOST TOGETHER THEY COULD DO WONDERS.

IF THE BUSINESS MEN OF SOME CITIES WOULD SPEND AS MUCH TIME FIGHTING FOR BUSINESS AS THEY DO FIGHTING AMONG THEMSELVES, EACH INDIVIDUAL BUSINESS WOULD BE IN BETTER SHAPE, AS WELL AS THAT OF THE WHOLE CITY.

"THE SHADOW" which pursues us all!

(John Greenleaf Whittier, 1807-1892)

"Coming events cast their shadows before"

AVOID THAT FUTURE SHADOW*

By refraining from over-indulgence, if you would maintain the modern figure of fashion

Women who prize the modern figure with its subtle, seductive curves—men who would keep that trim, proper form, eat healthfully but not immoderately. Banish excessiveness—eliminate abuses. Be moderate—be moderate in all things, even in smoking. When tempted to excess, when your eyes are bigger than your stomach, reach for a **Lucky** instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence if you would maintain the lithe, youthful, modern figure.

Lucky Strike, the finest Cigarette a man ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

"It's toasted"

Your Throat Protection—against irritation—against cough.

*Be Moderate! . . . Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking **Lucky Strike** Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a **Lucky**" instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

C. A. C. MEETS SPRINGFIELD IN SEMI-FINALS OF TOURNEY

Aquinas gymnasium, Columbus, will be the mecca of all Circleville basketball fans this evening when the C.A.C. court team invades that floor to meet the Denton team of Springfield in the semi-finals of the Ohio State Journal tournament. The game is to start at 9 p.m.

The other semifinal tilt of the evening will see the Glenford Leck Stars pitted against the Hebron Balthus Gassers.

Springfield has one of the neatest teams in the tournament but if the Club can play the kind of basketball it did Tuesday night, especially in the first half of the game against Bellpoint, Springfield will know it has been through a game. The Club put up one of the prettiest exhibitions of basketball they have ever put out against the Eberly Cadillacs for one half, but in the second things didn't go quite so well and the scrap was not on the right side of the ledger until the final minute.

The Springfield team is comprised almost entirely of Wittenberg college men. The forwards are Weasel Eisele, former Akron South star, who has been burning up the Buckeye A.A. all season, Eisele is the key to the Springfield offense and if he can be tied up, it is thought the Club has a mighty good chance to cop victory. Pitzer, a Wittenberg freshman, plays the other for-

wards. Dopey Kreeger, of Toledo, is the center, and Buck Rearick and Andy Mansfield play guards.

CATHOLIC TOURNEY TO START FRIDAY

Ray Dietrich, Ohio Wesleyan Coach, To Officiate—Many Teams Entered.

COLUMBUS, O., March 13.—The second annual Catholic Diocesan high school basketball tournament, which will determine the Catholic championship for southeastern Ohio, opens here Friday, being scheduled to come to a close Saturday evening.

Ray Dietrich, basketball coach at Ohio Wesleyan university, and Bob King, formerly with the Ohio Wesleyan athletic department, are in charge of the tournament. W. H. McGrath, director of parochial school activities in the Columbus diocese, is chairman of the committee which arranged the tournament.

Among the schools which are represented by teams at the tournament are Coshocton Sacred Heart, Cambridge St. Benedict's, Conning St. Bernard's, Delaware St. Mary's, Ironton St. Joseph's, Mt. Vernon St. Vincent's, Newark St. Francis, Portsmouth Central, Zanesville St. Nicholas and three Columbus institutions, St. Mary's, St. Charles and Rosary.

End Bunion Pain Forever

No Need to Suffer Another Day Those Agonizing Torturing Pains.

There is one simple yet inexpensive way to reduce inflamed, swollen toe joints and get them down to normal, and that is to apply Moore's Emerald Oil night and morning, and people who suffer from such enlargements would be wise to reduce them before they reach a more or less chronic stage.

Ask Hamilton & Ryan or any first class druggist for an original two-ounce bottle of Moore's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces last a long time, and furthermore if this wonderful discovery does not give you complete satisfaction you can have your money refunded.

Special note: People who want to reduce swollen or varicose veins should get a bottle of Emerald Oil at once. By applying night and morning as directed they will quickly notice an improvement which will continue until the veins and bunions are reduced to normal.

Alcohol Long in Use

Alcohol has been known from time immemorial, but it was not until 1808 that its composition was determined. The word "alcohol" is of Arabic origin and literally translated means "powder for painting the eyebrows." It was prepared by the distillation of fermented materials during the Middle Ages. Anhydrous alcohol was first prepared by Lavoisier, a French chemist, in 1796, and its composition was first determined by Solissime in 1805.

Fresh Air and Warmth

The public health service says that fresh warm air of a proper degree of moisture and free from appreciable draft is now recognized as essential to indoor workers. The old idea that a cold room necessarily contains fresh air and that comfortably warm rooms necessarily contain bad air has been discarded.

French Used by Royalty

English was not habitually used in speech or writing by any English king until Henry V's reign, 350 years after the Norman conquest. Henry IV at the beginning of the fifteenth century still wrote in French to his English tailor in London, as shown by a letter in the British museum.

Big Four of the New York Yankees

When Colonel Jacob Ruppert, owner of the New York Yankees, arrived at St. Petersburg, Fla., to talk terms with Babe Ruth, he completed a quartette of baseball figures probably never before equalled in one picture. They are (above, left to right) George Herman Ruth, greatest box-office attraction baseball has ever known; Colonel Ruppert, generous owner of the New York Yankees, in some respects the most remarkable ball club

ever seen; Bob Shawkey, one-time champion pitcher of the Yankees, who is now manager of the former world's champions, and Lou Gehrig, who, were it not for the Babe, would today be crowned the greatest hitter in the big leagues. The Babe agreed to sign a contract calling for \$80,000 a year for two years, ending a long-standing controversy.

Goitre Not A Disease

Milwaukee Doctor Makes Remarkable Discovery

MILWAUKEE, Wis.—It has been brought to light by scientific research that goitre is not a disease and is not to be treated as such. Dr. A. A. Rock, Dept. F 13, Box 737, Milwaukee, Wis., a prominent goitre specialist for over 24 years, has perfected a different method of treatment for his patients that has proved remarkably successful. This same method is now being used for a home treatment of goitre cases all over the country with astonishing results. The Doctor states that goitre is a condition which grows worse with neglect and recommends immediate attention no matter how small the growth may appear. He strongly opposes needless operations. Dr. Rock is the author of a book that tells in a simple way about treating goitre at home. He has published this book at his own expense and will send a copy free to anyone interested. FINAL WEEK OF BUCKEYE ELIMINATIONS ON TONIGHT

BY JOSEPH K. RUKENBROD
COLUMBUS, O., March 13.—The rapid-fire play of the semi-final tournaments for the state high school basketball championship will get under way tonight when four Class B teams tangle in two preliminary games at Findlay High school, starting off the northwestern district tournament.

The two games tonight will see Archbold battle the strong Whetstone team at 7:30. Rossford and Mendon will tangle at 8:30. Whetstone is expected to win the initial contest of the tourney. The Rossford-Mendon clash is more or less of a toss-up. Both of these latter teams have impressive records for the season and a clean slate for the play in the sectional meets which were held last week.

The semi-finals will get under way in full force tomorrow morning when more than 100 high school cage teams will gather at seven cities to strive for district honors.

Only 16 teams will survive the mad scramble in the district play and will represent their respective districts at the state finals at Columbus March 21 and 22. Eight of these teams are classified as "A" teams and eight are in the "B" class.

Although there are only six districts, the play will be held in seven cities, the northwestern district holding its "A" tourney at Akron and the "B" meet at Kent. The other districts will hold meets for both classes at the same place.

Six of the teams which entered the Class A finals at the state fair grounds coliseum here last year, have excellent chances to repeat their performances of 1929, by coming through the district tournaments for the right to enter the final clashes.

These six teams are Dayton Stivers, the defending champion,

Columbus Central, Lima St. Rose, Dover, Portsmouth and Canton McKinley. Stivers has an undefeated five this year and even though it was forced to the limit to down Dayton Roosevelt, 13-12, at the sectional tournament last Saturday, the "crushers" are expected to come through the district meet unscathed.

Columbus Central will compete against only the other four capital city high schools in the central meet. Columbus schools monopolized the sectional tournament at Delaware last week-end. Canton McKinley is sure to survive the northwestern tourney and Lima St. Rose has an even chance in the northwest.

Seeks Auto Speed Honors

A few minutes after his arrival at Daytona Beach, Kaye Don, British automobile race driver, went out to the hard packed sandy speedway and tested the course over which he is soon to race his Silver Bullet. Don is shown testing the sand on which he hopes to attain a mark of four miles a minute. The speed record is held by another British daredevil, Major H. O. D. Segrave, who last year sped 231 miles an hour.

"Invaluable" Say Society Women

MELLO-GLO Face Powder is preferred by beautiful women because it leaves no trace of flakiness, pastiness or irritation. Stays on longer—no shiny noses! Made by a new French process—prevents large pores. Spreads more smoothly—gives a youthful bloom. Very pure. Use MELLO-GLO Face Powder. It's wonderful. Hamilton & Ryan.—Adv.

Hi-Y Boys And Girl Reserves Serve Banquet

The joint meeting of the Girl Reserves and the Hi-Y boys' club Wednesday night in the Circleville high school gymnasium was highly successful, in attendance, program and menu. More than 75 members and guests of the two societies enjoyed a splendid supper served at 6:30 o'clock.

All of the vegetables for the meal were furnished by the Winor Canning Co., and the gift was made through Mr. Clarence Barnhart, one of the sponsors of the Hi-Y club.

The tables were set in the form of a horseshoe, and were decorated in Green and White for St. Patrick's Day. Dinner was served by candlelight. The menu included cream chicken on biscuits, buttered beets, pea patties, scalloped corn, pumpkin pie and coffee.

The dinner was in charge of the home economic club girls, under the direction of Miss Gertrude Pigman. The honor guests at the banquet were advisors of the clubs, and their wives. These were Mr. and Mrs. E. I. Gephart, Mr. and Mrs. B. D. Keeler, Mr. and Mrs. Clarence Barnhart, Mrs. Harry G. Stevenson, Miss Elma Rains, Miss Agnes Butch and Miss Velma Watson.

Following dinner, the evening's program opened with a prayer by Mr. E. I. Gephart. The program proceeded with songs, led by Bob Rector, and accompanied at the piano by Elizabeth Roundhouse. A toast by Elizabeth Roundhouse, president of the Girl Reserves was given next, and was followed by a toast given by Robert Rooney, the president of the Hi-Y club.

Gaylord Rose played two saxophone solos, after which Principal Gephart responded to a toast. Marie Richey sang two solos, "Congratulations" and "If I Had a Talking Picture of you," followed by a short talk given by Robert Rooney and a toast by Miss Velma Watson, advisor of the girl reserves.

An interesting feature of the program, was a talk on "The Canning Industry," by Mr. Clarence Barnhart.

The dinner was served by 15 freshman girls, members of the home economics class.

The supper committee was headed by Hilda Thomas, chairman, assisted by Grace Steele, Marie Hunsicker, Edgar Clarke, Gaylord Rose and Pat Kirwin.

On the decorating committee were Virginia Richey, chairman, Helen Yates, Malcolm Russell, and Millard Dunkle; on the dishes committee were Helen Celler, chairman, Jeannette Bower, Robert Griffith, and Clarence Barnhart, Jr.; Doris Peters and Charles Kirkpatrick attended to the program.

Members present from the Girl Reserves were Jessie Cummings, Marie Richey, Virginia Richey, Mary Angela Ryan, Ruth Carothers, Georgia Leist, Nina Denman, Mary Roth, Zelma Hoffman, Dorothy L. SOCIAL CIRCLE HAS MEETING

A delightful meeting in the history of the Ebenezer social circle was that Wednesday afternoon at the home of Mrs. Fannie Rice on S. Court-st. With Mrs. Rice were Mrs. George Steeley and Mrs. Harry Dresbach as joint hostesses, who had made everything complete for a most pleasant afternoon.

Mrs. Charles Kiger, president of the social circle, opened the meeting with prayer, and Mrs. O. E. Crites read an interesting paper.

The business period followed, with the discussion and adoption of the plan to furnish the nurses dining room at the Berger Memorial hospital, as a gift from the society. The circle is made up almost entirely of residents of Pickaway-twp., or residents of Circleville and formerly of Pickaway-co.

At four o'clock attractive refreshments were served by the three hostesses.

The guests who enjoyed the meeting included Mrs. Burr Rader, and Miss Gladys Rader, Mrs. Walter Wright, Miss Ruth Wright, Mrs. Harry Jackson, Mrs. Eva Dresbach, Mrs. John Miller, Mrs. Cliff Miller, Mrs. Orrin Dresbach, Mrs. Ralph Hood, Miss Nettie Rader, Mrs. John Bolender, Mrs. T. L. Pontious, Mrs. L. T. Shaner, Mrs. Charles Dresbach, Mrs. Charles Kiger, Miss Ethel Kiger, Mrs. E. O. Crites, Mrs. John Wrightsel, and the three hostesses.
